

*Seward Area Hospice*

**We are here to serve!**

Seward Area Hospice has received its license and is now ready to serve the community of Seward and surrounding areas!

**Our Mission: To provide compassionate end-of-life care to enable comfort, dignity, and choice for the individual and family.**

Volunteer hospices provide non-professional support to allow for emotional and psychological healing, peace, and comfort during the last months, days, or hours of a person's life. Tonya Foote, RN, Program Director, and Alicia Chryss, Volunteer Coordinator look forward to serving the local community members who face a terminal illness and the family and friends who care for them. Dedicated volunteers receive training on Hospice Philosophy, Death and Dying, Companionship, Grief, and much more. Our local community volunteers are ready and willing to develop a supportive relationship and environment for the individual, and respite care and support for the family.

*Our program is made possible by grants from the Seward Community Foundation, an Affiliate of the Alaska Community Foundation, a donation from Providence Foundation, and support from SeaView Community Services.*

**For information or referrals please contact Seward Area Hospice:**

**907 3rd Ave. Ste. C**

**(907)224-3051**

**info@sewardareahospice.org or visit our website [www.sewardareahospice.org](http://www.sewardareahospice.org)**

**Stop by our new office for First Friday in July featuring local artist Nan Thompson!**
